The School may cancel a student's enrollment, withhold reports to parents, withhold a diploma, and/or withhold transcripts to other schools or colleges if tuition and other charges are not paid when due. A late fee of 1% per month (12% per year) will be assessed on all balances over 30 days past due.

### Financial Aid Recipients

Financial Aid awards will be mailed to new students at the time of admission. Returning students should assume their financial aid will continue in the same proportion unless there has been a significant change in the family's financial status. Awards will be mailed to returning students in April and early May. Awards are applied equally to the payment plan you elect. Your deposit amount will be based on your financial aid award.

### Health Insurance

The School requires all students to have health insurance coverage with a United States insurance company. All families must notify the Health Office of their insurance carrier and policy number. Any changes which occur during the school year must also be recorded in the Health Office. Families with questions or in need of insurance should contact the Health Office.

### Optional Expenses

**Tuition Refund Plan:** The School makes available the Dewar Tuition Refund Plan. A brochure has been included in this mailing. The Enrollment Contract obligates parents to pay a full year's tuition even in the event of withdrawal, dismissal, or absence from the School. This plan insures that the tuition will be paid to the School or that parents receive an allowable refund for tuition payments already made. Families will be automatically signed up and charged for the Tuition Refund Plan. **Families who do not wish to enroll in this plan must opt out on their enrollment agreement by checking the box.**
